EXPERIENCE

Web Application Developer

Roadmunk

📅 April 2020 – Present   📍 Waterloo, ON

- **Wrote modern, accessible, maintainable code** for the Feedback and Idea Management solution
- Worked with a variety of different languages, platforms, and frameworks such as JavaScript, TypeScript, React, Apollo + GraphQL, PostgreSQL, Jest, and Storybook
- **Collaborated on a multidisciplinary team** of developers, testers, designers, and products management on a daily basis
- Joined an internal initiative to update wiki structure and **SDLC documentation** on Confluence
- Followed DevOps strategy with **git** for version control and **Jenkins** for CI
- Leveraged Kanban with Jira to keep track of progress of work in flight

Innovation Web and Voice Developer

Sun Life Financial

📅 May 2019 – April 2020   📍 Toronto, ON

- Worked with a small team to **develop secure voice features** for the live Sun Life Voice Skill using Alexa Skill Kit and Dialogflow
- Met strict deadlines by using the **SCRUM agile methodology** with tracking on JIRA
- Deployed voice skills with **Azure and AWS Lambda**, while using **Google Cloud Platform** for analysis.
- **Participated in design thinking** sessions to generate web based MVPs with ReactJS
- Created UI wireframes with Marvel followed by **rapid prototyping** using JS and Bootstrap.
- Followed DevOps branching and merging strategy with git and SourceTree for version control.
- Took on plentiful opportunities to **present to executive leadership**.
- Nominated for 2019 **CEO's Award of Excellence**
- Documented indepth research on new technological opportunities for Sun Life using LaTeX, Markdown & Visio

Teaching Assistant

Carleton University

📅 September 2017 – April 2018   📍 Ottawa, ON

- Led tutorials and office hours on **system-level programming with C** to aid in student compression of fundamental OS concepts including process management, memory management, as well as Unix based file systems.

EDUCATION

Computer Science B.Sc Honours

Carleton University

📅 April 2019   📍 Ottawa, ON

🏆 **Achievements**

Academic Scholarship
Internet Security Specialization
PMC Volunteer Notetakers
Outstanding TA Nomination

SKILLS

Presentation   Documentation
Collaboration   Project Management
Detail-Oriented   Organization

Programming Languages

JavaScript *ES6*, TypeScript, HTML, CSS/Sass, Python, Bash, SQL/Posgres, GraphQL
